AUTOMATIC BANK DRAFT

Save Time and Money Paying Your Bills

With our Bank Draft Program, you can have your monthly water and sewer bills paid automatically through your checking account. This saves you time and the expense of postage and envelopes. In addition, you will never have to worry about being late with your payment.

Here's How the Bank Draft Program Works! Each month, you will still be sent a statement showing the amount of your bill. One day before the due date of your bill, your checking account will be drafted for the amount due on the bill. Your monthly statement will show the exact date your checking account will be drafted.

Signing Up Is Easy! Simply complete the form below, attach a voided check, and return both documents to us Because your account will require a zero balance for the program to begin, continue paying your bill until you receive a statement indicating your account is scheduled to be drafted.

Please complete and return this form along with a voided check to the following address

BATON ROUGE WATER COMPANY
